B-17 Crashes; **Search Resumes** for Lost Plane

EDMONTON, Alberta— (AP) — A U.S. Air Force B17 search plane crashed in the rugged wilds 35 miles northeast of Snag, near the Yukon-Alaska border last night, killing one of its

eight man crew.

Royal Canadian air force headquarters here said today that a paramedic rescue squad had been dropped at the crash scene to aid the survivors.

The civil aeronautics administration office at Anchorage, Alaska, said one airman was killed and three of the seven survivors were suffering from second and third degree burns. The CAA said it was expected that the survivors would be flown out today.

The bomber crashed Friday night 30 miles northeast of Snag, near the Yukon-Alaska border, on a flight from Elmendorf air force base near Anchorage, Alaska, to Whitehorse, Yukon territory, 1,000 miles north of Edmonton.

Coast guard officials said an air-sea rescue plane left Traverse City early this morning to cover the route the missing plane would have followed for the 50-mile trip from the island to the Upper Peninsula main-

HOUGHTON—(P)—An air-sea search resumed today for a chartered plane missing with three passengers and a pilot on a flight here from Isle Royal in Lake Superior.

PULLING OUT TRUCK—A bulldozer and a truck are used to pull out the truck that plunged into Lincoln River off the Lakewood road Thursday about noon. The driver of the truck, Victor Samuels of 511 North Staffon street, just managed to get out of the cab after the truck settled to the bottom of the river. The truck was in about eight feet of water. Samuels said that a car in front of him and another in back also skidded on the slippery road. The truck crashed through a steel guard rail. The truck was owned by G. L. Towns.
